MESSAGE

It is a pleasure to learn that an International Congress on 'Post-Harvest Technologies of Agricultural Produce for Sustainable Food and Nutritional Security' is being jointly organized by the Uttar Pradesh Council of Agricultural Research (UPCAR), Lucknow and Integral Institute of Agricultural Science and Technology (IIAST), Integral University, Lucknow during 10-12 November, 2016 at Lucknow.

The theme of the Congress is very appropriate as we look forward to reducing post-harvest losses, while enhancing the overall agricultural productivity to meet the growing requirements of our people. Further, primary processing and value addition can help increasing the farmers' income and ensuring livelihood security.

I am sure, this International Congress will dwell upon relevant issues pertaining to storage, value addition, value chain and market linkage, and come out with workable recommendations that would possibly guide the policy makers in agri-sector.

I wish the Congress a grand success.

1st June, 2016
New Delhi
